Product Data Sheet

Bio Paraffin Solv Bulk

Description

Bio Paraffin Solv Bulk is a cost-effective, high performance alternative to d-limonene in many household, institutional and industrial applications. This bio-based product is produced from renewable resources and has been formulated to provide the same solvency as d-Limonene with a pleasant citrus odor.

This product is considered low toxicity and is readily biodegradable. It finds use in cleaning compounds and other “green” formulations.
